

Shelford Lifetime Warranty

You can build with confidence when you build with Shelford Quality Homes. As part of the wholly Western Australian owned and operated Shelford Group, we've been building dreams for Western Australian families since 1991. With an exciting range of single and double-storey home designs for you to choose from, Shelford Quality Homes is committed to providing you with the *best* quality, the *best* value and the *best* service of any home builder in Perth, which is why we offer our **Shelford Build with Confidence Guarantee** with every new home we build.

Of course with over 21 years' expertise and experience in the construction industry, the talented team at Shelford Quality Homes also knows a thing or two about residential building excellence, which is why our Shelford Build with Confidence Guarantee is also backed by our rock-solid **Shelford Lifetime Warranty**. As a testament to the quality of the building materials we use and the tradespeople we employ, this extended warranty ensures your dream home stands the test of time.

Currently under Western Australian law, your builder is liable to rectify any faulty or defective workmanship for a period of up to six years after the date of practical completion of your home. This "warranty" applies to all new homes built in Western Australia, regardless of the value of the building work, and it protects home buyers in terms of their builder's responsibility to rectify any faults and unsatisfactory workmanship.

However when you build with Shelford Quality Homes, in addition to this statutory warranty period and our sincere commitment to contractual maintenance obligations, you also get our Shelford Lifetime Warranty, providing you with added peace of mind knowing that your dream home is in safe hands – and for a period of up to 25 years!

Additionally, as a proud member of the Housing Industry Association of Australia, we guarantee that at all times the work on your home will be carried out:

- in a proper and workmanlike manner
- with all due care, attention and skill
- in accordance with the plans and specifications set out in your contract
- using quality building materials fit for their intended purpose, and
- in accordance with every legal requirement and local law.

Quality, integrity and great value – it's the Shelford Quality Homes point of difference!

OUR RESPONSIBILITY

Our Shelford Lifetime Warranty covers all structural aspects of the construction of your home for the lifetime of the company up to a period of 25 years from the date of practical completion. It is personal to you as our client, and is not transferable. - footings and foundation systems
- concrete floor slab (excluding porches and patios unless integrated into floor slab)
- load bearing brick work
- structural timbers, beams and lintels.

YOUR RESPONSIBILITY

You are also required to take every reasonable step to maintain your home and to mitigate loss and damage resulting from fair wear and tear, thereby avoiding situations where minor defects become much bigger problems over time. To assist you in maintaining your new home we have prepared a list of helpful hints titled MAINTAINING YOUR SHELFORD QUALITY HOME. This document should be read and applied, as and when the need arises.
